HOW TO GET A QUOTE FROM US

1. Send an email to medtour@charutarhealth.org informing us about your chief medical complaints, symptoms and copies of your scanned medical reports.
2. Once we receive your email, our team of highly qualified doctors will analyse the reports and work out a plan of treatment for you.
3. Because we understand the urgency for treatment to begin, we will do our best to reply to you within 48 hours, with all the details on the plan of treatment, approximate cost and the duration of stay required to comply with the treatment.
4. For any further concerns or information, you can contact us via email or over telephone.

HOW TO GET TO SHREE KRISHNA HOSPITAL

Shree Krishna Hospital is located about 75 kms away from the international airport in Ahmedabad. It takes approximately 1 hour 30 minutes from the airport to reach Shree Krishna Hospital by road. Vadodara, which also has a well-connected airport, is just 40 kms and 45 minutes away from the Hospital.

ACCREDITED FOR HOSPITAL • BLOOD BANK • DIAGNOSTIC LABORATORIES • IMAGING SERVICES

In the heart of Karamsad,
a centre for healthcare and recovery,
for India and the world

Shree Krishna Hospital is ranked among Gujarat’s most professional healthcare centres, with advanced facilities that are comparable to the finest in the country. It also happens to be home for you, and the care you’ll get here embodies the very best service traditions of India.

A world away from the chaos of the main cities and surrounded by 100 acres of lush greenery, Shree Krishna Hospital, Karamsad is an ideal environment for rest and recovery. Today, the NABH-accredited hospital is complete with facilities like ICUs, OTs, a Trauma Centre, MRI and CT Scan machines, NABL-accredited labs, and a NABH-accredited blood bank. It also houses a world-class Cardiac Centre, Cancer Centre and a new Privilege Centre.

At Shree Krishna Hospital, we believe that the very core of medicine is care and a helping hand at an affordable cost. This philosophy has meant that the hospital’s charges are also kept at a level that are affordable to all categories of patients.
