

Your Voice

I have been associated with the Shree Krishna Hospital for the last 3 years. The hospital is doing excellent work and charity for the underprivileged. It gives me great pleasure to be a part of the great social activity which is helping needy people. I believe that the medical infrastructure and technology have been upgraded significantly. This type of an organisation is really a blessing of god in our society. My best wishes to the Shree Krishna Hospital.

"Charutar Arogya Mandal has been listed with GiveIndia since 2010 and successfully raised donations for their needy patients through our donors. We wish them all the best in the wonderful work they are doing for the poor in Gujarat."

Sandhya Srinivasan
Credibility Assurance Team - GiveIndia

I am happy to see that my donation is being utilized for needy patients. I would like to thank the Charutar Arogya Mandal for making this happen. Every individual, who is financially well-off, should help the underprivileged and less fortunate people in our society.

Dhaval Joshi
Gandhinagar

I feel privileged to be associated with the Charutar Arogya Mandal in its fight against Cancer. I am really impressed with the Mandal's works in areas of healthcare for the poor. I also salute the dedication of their staff!

Rebirth of Hasmukh

A six-day-old baby boy Hasmukh, son of Dhanabhai Vaghela, from Nadiad has got a new lease of life. Hasmukh had blue lips and nails and could not feed properly when he was brought to the hospital. The rare surgery - known as Damus Kaye Stansel procedure- was performed recently free of cost under the state government-sponsored MAA Yojana since he came from a BPL family.

Doctors at Bhanubhai and Madhuben Patel Cardiac Centre of Shree Krishna Hospital successfully treated the infant.

His examination revealed that the positions of the two great arteries from his heart were reversed. He also had a hole in his heart and a very rare coronary pattern in which the coronary artery supplying the left side of the heart muscle was passing between the two greater arteries.

"We decided to follow a procedure known as Damus Kaye Stansel" Said Dr. Zeena Makhija, who led the team of doctors who performed this rare surgery.

In this procedure the two great arteries are joined together to create good flow to the whole body. The arteries carrying the blood to the lungs were brought in front of this new vessel created. Another great vein was joined to carry the blood from the head and the upper body parts to the lungs for purification or oxygenation.

Where miracles happen

Jagruti Solanki, a young girl of 16 years hails from Manej village of Anand district. She had severe chest pain and not feeling good. So, her parents took her to the emergency centre of our hospital. When she came to hospital her condition was very critical. The doctors after detailed investigation diagnosed this case as a case of severe TB in lungs (Laparotomy, Resection Anastomosis with Peritonitis") and which required treatment of Surgery, Surgical ICU stay, Higher Antibiotic and Supportive care.

Her father Shri Rameshbhai, is a daily farm wager and earns Rs.3000/- per month. There are six members in the family of whom only one member is earning but it is not enough to fulfill the daily needs of the family. They do not have any other source of income. We, at the hospital have taken up the responsibility for treating her at highly subsidized rate. The precious life of a young girl could be saved through the donations received from the Tata Trusts.

She was in the hospital for a long time for the recovery. She is now leading a normal and happy life thanks to the generous support received from the TATA Trusts. Her smile gives us courage and hope.

Key Highlights

The 11th HM Patel Memorial Lecture on 'Public Health Crisis: Under the Lens of a Rationalist Liberal', was delivered by Dr. Anil Patel, Founder Member, Action Research for Community Health (ARCH), Mangrol on 30th November, 2015.

MCI recognised PG Courses in all broad specialities (Degree-18 disciplines, Diploma – 9 disciplines).

The NABH accredited Shree Krishna Hospital has become the first teaching hospital in the country to receive the Green OT Certificate. This certificate was given on the basis of safety measures provided at its operation theatre. It is the tenth hospital in India to receive this Green OT certificate.

A "NRI Meet" with Dr. Amrita Patel, Chairman, Charutar Arogya Mandal, was organised on January 10, 2016 to encourage NRIs from UK & USA to contribute for a cause. She shared with them what the hospital is doing and its plans for the future.

Shree Krishna Hospital has started conducting free cochlear implant surgery for patients of limited income group. The hospital has been empanelled in the list of approved hospitals for cochlear implant under the ADIP (Assistance to Disabled Persons for purchase/fitting of aids/ appliance) scheme of Central government's Ministry of Social Justice and Empowerment.

Charity Event 2016

As is now a tradition, Charutar Arogya Mandal hosted a Charity Show featuring one of our popular singers, Ankit Tiwari, on January 09, 2016. For the Mandal, this is not only an opportunity to focus on its fund raising activities, but also as a reminder to continue maintaining its emphasis on its obligation to care for those who are not in a position to pay for their treatment.

The event itself was a grand success. This has been possible only because of the generosity and well wishes of people like you. More than 5000 people attended the concert.

We were able to raise a total fund of over Rs. 1 crore, net of expenses. With the contribution we have received, we will be able to help a number of patients from the economically weaker sections of society to access timely and quality medical care which otherwise, would have

Alpesh needs your support:

Alpesh Parmar is a 15 year old, diagnosed with a case of lung infection & TB with sepsis which requires ICU stay, higher antibiotics, investigations like CT-Scan and MRI etc. Presently he is admitted in the Paediatric ICU with a good chance of recovery and is responding well to the treatment.

As he comes from a humble background, the family is unable to afford treatment, even though the hospital is treating him at highly subsidized rates. We need the support of people like you to ensure that the child lives a healthy life.

As in the past, we are confident that your generous financial assistance will help him to lead a normal healthy life. There are many more like Alpesh. You can make a difference by reaching out to such underprivileged children.

The Healthy Heart Walkathon

To create awareness about heart diseases and adopting a healthy lifestyle the hospital's "Bhanubhai and Madhuben Cardiac Centre" organized Walkathon-Walk for Healthy Heart sponsored by GCMMF, Patel Infrastructure Pvt. Ltd. Cipriani Harrison Valves Pvt. Ltd & Ravikiran Ceramic Pvt. Ltd. on Saturday, 24th Oct-2015 from the HM Patel statue, Anand- V V Nagar road to Town Hall in the morning. It was also an event to celebrate the 7th anniversary of setting up the Bhanubhai Madhuben Patel Cardiac Centre which has treated and cured hundreds of patients during this span.

More than 500 people from all walks of life participated in the event. At the forefront were cardiac patients who had been treated and cured sending a message that heart patients too can lead a normal life.

Participants from Elecon, the National Dairy Development Board, the Gujarat Cooperative Milk Marketing Federation (GCMMF), the Kaira District Cooperative Milk Producers Union Limited (Amul), Anupam Mission, Rotary Club Anand, Inner-wheel Club Anand, Anand Bengali Cultural Association, Vallabh Udyog Nagar Industrial Association and many others joined the walkathon.

The walkathon was flagged off by Shri Prayaswin Patel, Chairman and Managing Director of Elecon Group of Companies in the presence of Dr Amrita Patel, Chairman of Charutar Arogya Mandal, Shri Jagrut Bhatt Honorary Secretary of the Mandal, MLA Mr. Rohit Patel, SP Shri Ashok Yadav and GCMMF's Managing Director Shri R S Sodhi.

Gratitude

Countless individuals and institutions, like yourselves, have supported the Charutar Arogya Mandal's activities in different ways. Without your help and encouragement, the Mandal would not have been able to make the progress it has achieved over the years.

This generous support makes it possible for us to exist and provide 'Solace to the Suffering'. Because of your generosity, we are able to further our mission in bettering the lives of the rural underprivileged community. We gratefully acknowledge the contributions of all donors who have been so generous in supporting our project & activities.

We have two hands - one to help ourselves the second to help others

Lending A Helping Hand

During 2015-16, the hospital has provided a total concession of Rs. 900 lakhs to around 10,000 underprivileged patients. We believe that it would be difficult for us to meet the cost of treating poor patients without help and generous support from donors like you.
