Dr. Himanshu Pandya
Dean, PSMC, CAM

Shri Jeevan Kumar Akhouri
Head, Finance, CAM

Experts Nominated by the Board of Governors

Dr. Sudarshan Iyengar

Smt. Geetaben Goradia

INTRODUCTION

Charutar Arogya Mandal was formed in the year 1972 as a trust and society with an objective to fulfill the healthcare needs of the rural community with the resources that match the quality of medical facilities in big cities, with the same level of commitment, expertise and in a sustainable manner.

This year is the fiftieth year of this organization which has grown monumentally from a humble beginning of a 130 bed hospital and a Nursing School to now a Private university offering more than 57 UG, PG, Diploma and PhD courses through six constituent institutions having about 1300 students. It also manages a 1000 plus bed tertiary care multi-speciality hospital with NABH and NABL accreditations, a comprehensive Cancer Care Centre offering Radiation – Medical and Surgical Oncology with a dedicated facility for Bone Marrow Transplant, a state of the art Cardiac Centre which boasts of offering expertise in treating cardiac patients from a day young infant to an 88 year old lady, a fully equipped Trauma Care with a Critical Care Centre having capacity of 172 beds with ventilators, 4 Health Extension Centres offering primary medical care and a centre providing secondary healthcare with facilities of dialysis, and a community outreach programme that reaches out to 150 villages of Anand, Kheda and Panchmahal districts.

The journey of Charutar Arogya Mandal has been challenging to say the least, but it could not have been otherwise. The vision of our Founder Chairman Dr H M Patel, former Finance and Home Minister, was to provide the same level of care to the underprivileged rural community which otherwise was only in the fate of the urban populace, and to nurture healthcare professionals who would treat them with compassion and expertise.

The dream backed by an undefeatable passion is a reality today, and Mandal through its initiatives has affected lakhs of people in need of modern medical treatment and care.

Since 2019, all the institutions managed by Mandal have become the constituents of Bhaikaka University.

PATIENT CARE

Patient care is the core area of Mandal, the very purpose for which the organization was established. At Mandal, patient care is provided through its 1000 bed NABH accredited multi-speciality Shree Krishna Hospital, Manibhai Shivabhai Patel Cancer Centre, Bhanubhai & Madhuben Patel Cardiac Centre, Dinesh J Patel Bone Marrow Transplant Centre, Waymade Critical Care Centre, Ramanbhai Gokal Privilege Centre and the five extension centres at Petlad, Bhadran, Vitthal Udyognagar, Anand Agriculture University and Sevaliya.

The treatment services of the Hospital are broadly bifurcated into two categories : Ashirwad Services and The Healing Tree Services. The Ashirwad services covers the gamut of services that are meant for the patients coming from economically weaker sections of society through enrolment in the Ashirwad scheme, the families whose annual family income is less than rupees five lakhs, are offered all the general services with heavy waivers

and concessions. To extend the benefits to a larger group of community, this year the coverage bracket has been increased from five lakhs to six lakhs per annum. The Krupa Arogya Suraksha – Hospital's own social security scheme is also offered through Ashirwad services. Hospital is empanelled with Government to extend treatment under the PMJAY and MA schemes. In this region, we offer treatment for the highest number of medical conditions under MA & PMJAY schemes as compared to any other hospital.

The significant happenings, events and noteworthy developments of the Hospital with respect to patient care is furnished below.

- In an outstanding feat, an ovarian tumor of 8.5 kg was successfully removed from an old lady of 70 years of age by the doctors of the Obstetric and Gynaec Department. This case is unique by all means considering the fact that

usually ovarian tumors are found in women in their mid forties and the maximum mass would not be more than 500 grams. The patient was discharged after two days of stay in ICU and a few days of ward care.

- The Hospital and the A D Gorwala Blood Centre felicitated distinguished voluntary blood donors and blood donation camp organisers on 1st October 2021 – the National Voluntary Blood Donation Day.
- A week long celebration took place to commemorate World Diabetes Day which falls on 14th November every year. Special talks by experts, debates and poster making competition for students made it a memorable celebration. Special sessions on “Gestational Diabetes” were organized for the community outreach team of SPARSH. Since this was the 100th year of the introduction of Insulin as a treatment modality, a special handbook on “Decoding Insulin” was launched by the department of Medicine.
- The Obstetric and Gynaec department saved the lives of two young mothers who were brought to the hospital in extremely critical condition with Hb levels of 1 and 4.5 grams respectively. Both the patients experienced massive blood loss after their deliveries which made their health condition critical and was deemed as high risk for treatment. However, with collective efforts from the O&G team, the Critical Care team and the Blood Centre, the lives of both mothers were saved.
- In another challenging case, an eight months pregnant lady was brought to the hospital who had contracted the Covid infection. Her condition was constantly deteriorating since more than 50% of her lungs were affected by

infection and her breathing was highly irregular. The teams of O&G and Critical Care decided to intervene planning a pre term c-section to save life of both mother and child. The newborn was sent to Neonatal Intensive Care and the mother was admitted to ICU. After a few days, much to the happiness of the staff, the mother and child were discharged from the hospital in a healthy and happy state.

- On 1st July, our flagship event, National Doctor's Day was celebrated with a sense of pride and gratitude. Doctors were greeted in-person with personalized chocolate bags and greetings, observing the covid safety protocols.
- Hospital organized a multi-speciality camp at Nadiad with joint efforts from Shri Keshav Bhavani Janseva Trust on 15th May 2021. Consultants from Medicine, Ophthalmology, Orthopaedics, and Obs & Gynec department attended to over 160 patients who came to this camp. Free ECG and other investigations were done and medicines were provided gratis to patients who came to this camp. The patients diagnosed with cataract in the camps were operated free of charge at our Hospital.
- It was an additional feather in the cap for the cardiac centre as a very rare procedure TAVI (Transcatheter Aortic Valve Implantation) was performed where a valve of a 70 year old patient was replaced non-surgically. This risky and technically challenging procedure is popular in metros. Our Hospital became the first in the Anand Kheda region among the 8 centres offering cardiac treatment with cath labs to replace the valve of the patient without requiring him to undergo bypass surgery. The patient was in a healthy and happy state and was discharged within two days.
- A nine month child from Khargon district of Madhya Pradesh with a hole in her heart

got a new lease of life at our Hospital. Dr Vishal Bhende and his efficient team at the Cardiac Centre performed a highly risky and complicated surgery on the child using a handmade Trileaflet Pulmonary Valve for the first time at our Centre. Excellent post surgical care played a vital role in the recovery of Alisha, whose treatment expenses were covered under the PMJAY.

- The Healing Tree services of the Hospital started offering “ Continuous Renal Replacement Therapy(CRRT)”, a nephrological life saving procedure. It is a dialysis modality for managing critical patients who are hemodynamically unstable and for whom other modalities are not successful. It is mainly used for managing patients with cardiac and hepatic dysfunction and for whom other routine modalities are not helpful. We are the only centre in and around Anand offering CRRT at the critical centre of THT service.
- Proving its worth in the best manner possible, the CRRT (Continual Renal Replacement Therapy) played an instrumental role in saving the life of a 60 year old female with multiple organ failure. The patient was brought to us after she was diagnosed with Dengue and her condition had significantly deteriorated in another health setup. She was immediately taken to the Critical Care Centre with kidney failure, low blood pressure and liver and heart in a critical condition. With CRRT, and unwavering care from Urology and Intensive Care team, the patient who stayed in the ICU for 90 days, went home in a healthy condition.
- Triplets with extremely low birth weight were given a fresh lease of life at our Hospital with expertise and hardwork of the doctors of Neonatology department. The mother of the child was referred to us from a government hospital since she had preterm labour pain and was in a critical condition due to triplets. After undergoing a c-section, all her three infants were kept in the Neonatal ICU for 41 days and administered Kangaroo Mother Care under close observation of Doctors. The family of these children was very poor and relied on daily wages for running their household. Assessing their financial position, the Hospital supported them for the entire treatment cost.
- We feel proud to mention that our first ever Bariatric surgery was performed on a woman of 54 years. The patient who weighed 111 kg before the operation with a BMI of 50 had a host of other ailments like hypothyroidism, high blood pressure, diabetes, persistent pain in joints and faced difficulties in breathing to the extent that she needed a BiPAP machine while sleeping. She was successfully operated upon at our Hospital and was provided with all post surgical lifestyle and dietary modifications.
- A Cardiac Camp was organized at Bidada, Kutch in association with Bidada Sarvoday Trust. Our team comprising of a Cardiothoracic surgeon, Adult Interventional Cardiologist and a Pediatric Cardiac Surgeon attended to over 200 adult and pediatric patients with cardiac conditions in the camp and the medicines were distributed free of cost by the organisers.
- For the first time at our Hospital, silicon fingers was made available by KMPIP's newly started Prosthetic and Orthotics Assistive Technology division to rehabilitate a patient who lost his fingers in an injury. This implantation restored the functional ability of the hands to the patient and distinctly improved his quality of life.
- An outstanding surgical success was registered when a young man of 30 years with a history of epilepsy was operated upon for removing a cancerous tumor in his liver. The patient was having epileptic fits from the tender age of four.

The tumor was detected when he was unable to eat and had persistent nausea and stomach ache. The highly risky and complicated surgery was successfully administered by a wonderful teamwork from the team of Oncology, Neurology and Anaesthesia.

- A 28 year old labourer from Mangalpura village who was affected with GB Syndrome was saved with efforts of our efficient team of Intensivists. The patient was a labourer and was unloading heavy bags of grains in the shop where he worked. All of a sudden his limbs felt no sensation and he lost control. He was immediately rushed to the emergency section of our Hospital and later to the Critical Care Centre. This patient, a father of two children was not in a position to pay for the treatment so taking into account his financial condition, his entire treatment expenses were waived off. He went back to his home hale and hearty

Covid Care Update

- Shree Krishna Hospital was literally the beacon of hope for the covid patients, right from the time when other healthcare settings were not yet geared up for pandemic. The Hospital maintained its policy of not refusing treatment to any patient, be it covid or non-covid. We laid down meticulously designed protocols for treating both kinds of patients with safety and care, followed the covid safety protocols diligently and we kept on working tirelessly to offer care to all the patients who lined up for treatment in ambulances near our Emergency department.
- We converted our Parking area into a field Hospital to have beds offering primary care for the covid patients who were otherwise waiting in the ambulance for their turn to get a bed.

Our doctors and other healthcare staff came out and treated patients in Ambulances and the make-shift 50 bedded field hospital. The 102 bedded critical care facility that started functioning for covid patients emerged as a 400 bedded facility exclusively dedicated for covid care. The flow of covid patients remained incessant, and at one point of time we serviced 600 covid patients on a single day.

- The Healing Tree services of the Hospital introduced special services to treat patients safely. Covid Home Care packages were introduced to provide care to patients who did not require a hospital stay, Teleconsultation services were started so that patients could reach out to doctors from the safety of their home, and Covid testing was offered round the clock and all through the week so that patients do not have to wait long for results.
- Our Hospital set up an Oxygen plant with support from AMUL. The plant has a capacity of producing 20,000 litres of oxygen per hour, which can serve 60 patients a day, and was inaugurated on 1st May 2021. The oxygen plant was set up on a war footing and the entire project was complete within a span of 8 days, which otherwise would normally have taken atleast 40 to 45 days. With this plant,

our Hospital became self reliant in fulfilling the need for oxygen for critical covid patients.

- The Hospital also offered treatment to patients with the infection of Mucormycosis

In a nutshell, the unprecedented uncertainty and complexity faced during this pandemic revealed the true character and capabilities of our organization.

Moments of Pride

During the year, we were recognized for our work on various fronts:

- Shree Krishna Hospital was recognised with a Certificate of Appreciation by the Government of Gujarat for outstanding performance in the implementation of PMJAY during the year 2020-2021. Of the 1500 Hospitals in the state implementing PMJAY, 600 are private. Of these private hospitals, only three were honoured for their performance, and our Hospital is one of them. With this award, we are the only one in the district to be honoured with this recognition.
- Shree Krishna Hospital bagged the prestigious Economic Times Healthcare award for Excellence in Hospital Management during COVID-19 at the national level. The Economic Times introduced the first edition of the "Healthcare Awards" to recognize, acknowledge and certify the groundbreaking contributions as the leaders and movers in areas of the healthcare sector. At the India Healthcare Leaders Awards held on October 1 Shree Krishna Hospital was recognized for its efforts and innovations, based on a set of parameters for effective ,efficient and excellent management skills demonstrated during Covid 19.
- Charutar Arogya Mandal was honoured with the Pride of Charotar Award by Nav Gujarat Samay and Ahmedabad Mirror on 24th July 2021. This award was conferred upon us for our exemplary services in the field of medical education and healthcare for the needy sections of community.
- Shree Krishna Hospital bagged an award for "Excellence in Diet Management for OPD patients" by India Association for Parenteral and Enteral Nutrition(IAPEN). This is a first in its kind of award which was announced at IAPEN Nutritional Congress 2021, Ahmedabad. Our Hospital claimed this recognition at the district level.
- Shree Krishna Hospital participated in a Global Group Study which was recognised by the Guinness World Records for "The most authors on a single peer-reviewed academic paper adding up to 15,025". Authors from 116 countries collaborated on this academic paper. This paper was a breakthrough in informed decision making and providing improved safety for patients undergoing surgery during the pandemic.
- AD Gorwala Blood Centre, SKH was recipient of the prestigious certificate from the World Book of Records – London. AD Gorwala Blood Centre received the participation certificate from The World Book of Records, London at a the function held at Ahmedabad on 23rd March, chaired by the Governor of Gujarat. This was in honour of facilitating the largest blood donation drive of the National Integrated Forum of Artists and Activists (NIFAA), for collecting 97,744 blood units.

HEALTHCARE EDUCATION

The healthcare education fostered and nourished by Bhaikaka University brings home a different approach to education per se. Owing to its philosophy of “Instilling purpose in healthcare” the students - the future professionals of healthcare are carefully and meticulously nurtured to practice medicine in a way that restores the innate essence of medicine as a noble and ethics driven profession.

Covid had a very disturbing impact on academics as a whole across all educational Institutions and disrupted a lot of ongoing classroom and clinical training activities. However we were quick to adapt and enabled teaching online sessions with improvisations and value-addition to make education more effective.

Following are the important activities taken up by each Institution during the year:

PRAMUKHESWAMI MEDICAL COLLEGE

- As part of the continuous process of building improvements in online teaching in the future, the Department of Medical Education conducted a study on perceptions of faculty of Pre-clinical and Para-clinical departments regarding online teaching learning activities during pandemic. The faculty reported that they adapted to online teaching quickly, but found limitations in online teaching-learning and assessment.
- An orientation course for the batch of incoming interns was organized on the 14th and 15th of June 2021. The topics for the orientation course included roles and responsibilities as an Intern, Team-work, Basic Communication Skills, Patient Safety, Clinical Documentation using

SOLACE, Basic Life support, and Medico-legal Issues.

- The college organized refresher courses on Covid-19 at regular intervals for PG residents throughout the year. In order to streamline the response to Code Blue and effective CPR, the college organized a training program on Code Blue for first and second year residents of clinical disciplines
- Mechanisms were put in place for Curriculum Governance of MBBS program with constitution of the College Council and various committees like; the Curriculum Committee and Curriculum Sub-Committees. The Curriculum Governance of the MBBS program and MD/MS programs is also aptly supported by the Deans of Academic Services and Internal Quality Assurance Cell of the college.
- The College was granted recognition by the National Medical Commission for an annual intake of 150 MBBS seats for the academic year 2021-22 vide letter dated 20.07.2021.
- As a significant milestone, the total annual intake of MD/MS programs crossed 100 during the period 2021-22 with an intake of 102 students this year.
- Total intake in Super Speciality Courses under the National Medical Commission and National Board of Examinations is 07. The DM Neonatology program started at the college during the year is the first neonatology program in the state of Gujarat, which is a matter of great pride and honour for Bhaikaka University.
- Shree Krishna Hospital is accredited to run Fellowship Programs in Critical Care, Paediatric Intensive Care, and Head & Neck Oncology with a total annual intake of 8. The hospital has initiated the process of starting Sub-speciality programs in Medical Oncology and a Broad Speciality program in Radiation Oncology.
- The Internal Quality Assurance Cell (IQAC) of PSMC with the Department of Medical Education (DOME), BU organized two workshops on "Implementation of Self-directed Learning (SDL)" and a national workshop on "Planning, Facilitating & Assessing Self-Directed Learning in Undergraduate Medical Education".
- With the introduction of the Ph D programme, we have 15 scholars pursuing various medical specialities, like, Anatomy, Physiology, Pharmacology, Psychiatry, General Medicine, Health Professions Education and Paediatrics.
- The College organized 13 CPD(Continuing Professional Development) workshops and conferences during the year which saw very encouraging participation.
- The Mentorship Program is at present functional in First and Second MBBS with 18 mentors in First MBBS and 27 mentors in Second MBBS. Mentorship policy was revised and the changes included policy on identifying slow and advanced performers and intervention at departmental and mentor levels.
- The College reconstituted committees for, Students Mess, Hostel, Sports and Fitness, Library, Cultural and Community Service initiatives with the appointment of faculty in-charge for each committee.
- The Women Development Unit of Pramukhswami Medical College was constituted in December 2021.
- The departments of the college conducted the following Health Awareness Programs:

Health Awareness Day	Department	Date
World Health Day	Community Medicine	07 April 2021
World No tobacco Day	Respiratory Medicine	31 May 2021
World Head & Neck Cancer Day	ENT	27 July 2021
Breast Feeding Week	Paediatrics	01 – 07 August 2021
Eye Donation Day	Ophthalmology	25 – 31 August 2021
Pharmacovigilance week	Pharmacology	17 – 23 September 2021
World Alzheimer's Day	Psychiatry	21 September 2021
World Diabetes Day	Medicine	20 November 2021
World Cochlear Implant Day	ENT	25 February 2022
World Hearing Day	ENT	03 March 2022
World Oral Health Day	Dentistry	20 March 2022
World TB Day	Respiratory Medicine	24 March 2022

K M PATEL INSTITUTE OF PHYSIOTHERAPY

- Admissions for the second batch of MPT students under the aegis of Bhaikaka University were held in April 2021. The Orientation program for the second batch of MPT students (batch 2021-23), enrolled under Bhaikaka University was held from 8th to 13th July, 2021 and for the 2nd year MPT (Batch 2019-21) it was conducted on 24th May, 2021. Whereas the orientation program for the 19th Interns' batch (2017-2022) was held from 8th to 9th November, 2021.
- Orientation program for the first year- BPT students which is christened as "Anushthan" was organized during the month of February-March 2022.
- The institute initiated Fellowship programs in Onco and Cardiac Rehabilitation from this year onwards.
- A webinar on "Intellectual Property Rights" was jointly organized by IOAC, KMPIP and Research, Innovation and Extension Group on 26th June 2021.
- Oath taking Ceremony "Diksha": The Oath taking ceremony "Diksha" for the outgoing interns (Batch 2016-20) was held on 1st July, 2021. Ms Swara Yadav was awarded the Gold medal for being the Best outgoing student and for her best performances in academics, sports and cultural activities. Students were also awarded for best seminar and project presentation.
- Certificate Course in Splinting: 19th batch completed the Certificate Course in Splinting in January 2022.
- KMPIP in association with Intas Oncology organized a webinar on "Ill effects of Tobacco" on the occasion of "World No Tobacco Day", 31st May, 2021.
- As a process to understand and prepare for the quality indicator exercise of undergoing the NAAC accreditation process and to seek guidance from an expert, a webinar was arranged on 13th April, 2021.
- KMPIP hosted an event on International Yoga Day on 21st June, 2021, organized by the students' support group of KMPIP and a total of 60 students from Nursing and Physiotherapy colleges and a student from Diploma in Yoga participated in this event.
- On 7th September, World Physiotherapy Day was celebrated with the theme "Rehabilitation

and Long COVID” worldwide, which revolves around reiterating the awareness about the signs and symptoms of post Covid and how physiotherapy plays a significant role in rehabilitation.

- KMPIP in collaboration with Special Olympics for unified champion school impact evaluation program, alongwith the NSS unit of Bhaikaka University organized some recreational activities for specially abled children on 23rd October, 2021. 23 specially able children along with their partners (23 students of KMPIP) participated.
- KMPIP in Collaboration with the NSS unit under Bhaikaka University organized an eventful day on 3rd December, 2021, “International Day Of Persons With Disabilities”. This year the theme for the day was “Fighting for rights in a post-COVID era”.
- KMPIP was invited by the Anand district Education Department under “Sarva Shiksha Abhiyan” scheme - an initiative by the Government of Gujarat for providing physiotherapists for their eight resource rooms in the Anand district. The specially abled are being assessed and treated for their problems by Physiotherapists every Thursday.
- A full-time orthotist-prosthetist was appointed for the orthotic workshop.

G H PATEL SCHOOL AND COLLEGE OF NURSING

- IOAC & Women Development Unit of Shri G H Patel School & College of Nursing conducted two days of orientation sessions on the Women Development cell of Bhaikaka University through a virtual platform on 1st & 3rd May 2021. A total of 135 participants attended the session.
- IOAC & Obstetrics and Gynaecology Department, hosted the celebration of International Day of Midwives on 10th May. Panel Discussion was held on the theme: “Follow the data: Invest in Midwives” through the virtual platform with a total of 60 participants.
- Shri G H Patel School & College of Nursing celebrated International Nurses' Day on 12th May through a virtual mode on Nurses Day theme-2021 “A voice to lead- A vision for future health care. A total of 150 participants attended the session.
- World Environment Day was celebrated on 5th June. A panel discussion was organized by students on the theme: “Reimagine. Recreate. Restore.” through the virtual platform.
- International Yoga Day falling on 21st June 2021 was celebrated for a week from 21st June to 26th June 2021 under the banner of Bhaikaka University in association with the Women Development Unit.
- Department of Child Health Nursing organized World Breast Feeding Week for 2 days on the 2nd and 3rd August 2021. The celebration was Organised at Karamsad PHC and various areas of NICU, Postnatal wards, PICU, and Paediatric wards of SKH participated in the same.
- Farewell Program was organized for students
- IOAC & Community Health Nursing Department hosted a webinar as a part of the celebration of World Health Day 2021 on 8th April 2021. The webinar was on the theme WHO day 2021 ‘Building a fairer, Healthier world’. More than 150 participants attended the webinar through virtual mode.

of the 39th batch of DGNM and the 4th batch of B.Sc. Nursing on 30th September.

- The Mental Health Nursing Department celebrated World Mental Health Day on 11th October 2021 in collaboration with the Psychiatric Department of PSMC. Students enthusiastically performed role plays, dance, created videos and showcased posters reflecting the theme. "Mental health for all let's make it a reality".
- World Diabetes Day was celebrated on 11th November 2021 on the theme "Access To Diabetes Care". An expert session was organized where Dr. Punam Bhende, Assistant Professor, PSMC delivered a lecture regarding diabetic foot examination.
- Organization of the exhibition on Newborn Week Celebration, demonstration of breastfeeding techniques, and screening of newborns was done from November 15 to November 20 by T.Y BSc and fourth-year BSc nursing students. After a brief introduction the celebrations commenced. The beneficiaries were antenatal, postnatal, and eligible couples. The total number of participants were 40. Each day, live demonstrations of KMC, mummy restraint and breastfeeding techniques were taught to the beneficiaries.
- On the occasion of International Women's Day we launched the FB LIVE Series of talks. Our very first guest speaker Dr. Sulbha Natraj, an Education Consultant, addressed the viewers regarding "#BreakTheBias". A total of 426 viewers joined the Facebook live session.
- The Annual sports and cultural program named "UMANG", organized by SNA & Co-Curricular committee from March, 23rd to 25th 2022 held various competitions. The opening ceremony

was graced by chief guest Ms. Shweta Parmar, Gujarat's first women skydiver alongwith other senior officials of Bhaikaka University.

- Women Development Cell, Shri G H Patel School & College of Nursing, conducted its 2nd Fb LIVE Series of talk on 26th March 2022, with guest speaker Dr. Ankur Mahida. He addressed the viewers regarding "Managing Self & Exam Stress". The topic targeted all the students of different colleges and schools. Total of 462 viewers joined the Facebook live session.
- Shri G. H. Patel School and College of Nursing, Karamsad played a magnificent inning in the Men's Inter Nursing College Cricket Tournament of Kheda-Anand District and won a trophy and cash prize of Rs. 2000. The tournament was organized by the Dinsha Patel College of Nursing, Nadiad at Yuva Gymkhana Association Cricket Ground, Uttarsanda on 28th November 2021. Eight teams of Nursing colleges in the Kheda-Anand District participated.
- Ms. Sneha Arya & Ms. Vidhi Patel, students of Fourth Year B.Sc Nursing won the chess competition held on 21st March.

SMT. L P PATEL INSTITUTE OF MEDICAL LABORATORY TECHNOLOGY AND

CAM INSTITUTE OF ALLIED HEALTH SCIENCES AND TECHNOLOGY

- An online research methodology workshop for M. Sc MT(Medical Technology) & M.Sc. Nursing students was organized from 20th April 2021 to 4th May 2021 with the collaboration of the CRS(Central Research Services) department.
- A webinar on "Emerging issues of OTAT (Operation Theatre and Anaesthesia Technology)

& RCT(Respiratory Care Technology) in present scenario” was organized for OTAT & RCT students which drew participation from Parul University, Charusat University and B. N. Patel, Anand.

- “A national level virtual conference on new dimensions in teaching, learning & assessment for health science education” was organized for the first time by IQAC(Internal Quality Assurance Cell) on 16 July 2021.
- An “Awareness session on Sexual Harassment of Women at Workplace” was arranged on 9th December 2021 by Internal Complaint Committee, Bhaikaka University for faculties and students of Medical Technology, Physiotherapy and Nursing.
- Farewell of Medical Technology Interns was arranged by CAMIAHST on 18th December 2021.
- The University examinations for PG Degree and Diploma Programs was conducted under Bhaikaka University and 100% results were obtained for PG programs.
- Orientation Program for the undergraduate students was organized on 4th & 5th October 2021. A total of 46 students and their parents participated in the Orientation Program. The Orientation Program for the post graduate students was organized on 18th October 2021.
- A total of 47 students enrolled in UG and 66 students in PG program during the academic year of 2021-22.
- Five Faculty Mentors conducted tele-counseling sessions in the month of January 2022 for 118 mentees of all medical technology batches. The mentors listened to the concerns of the

mentees, reviewed their teaching, sorted out difficulties found in the study and suggested some remedial readings and provided reference materials for reading.

- CAM Institute of Allied Health Science and Technology started the following three courses under Bhaikaka University from the academic year 2021-22 :
 - Certificate Course for Emergency Medicine Technician – 1 year
 - Certificate Course for Biomedical Equipment Maintenance – 6 months
 - Certificate Course in Biomedical Equipment Technology – 6 months
- Ms. Drashti Purohit bagged a ‘GOLD MEDAL’ for her best academic performance in B.Sc. Medical Technology and was awarded in the convocation program in the month of December 2021. From among 136 students from five colleges of Anand who had appeared for the B.Sc Medical Technology examination, our student won this recognition, the first time in the history of our University.
- To commemorate International women’s day, an online webinar was conducted for medical technology students on 12th March 2021 to spread awareness among the students regarding women’s right and gender equality. Ms. Aditi Pandya, Section officer, foreigner’s division, home department, Govt. Of Gujarat was our guest speaker and her talk on imbibing challenges was very well received by the audience.
- “World AIDS Day” program was arranged in collaboration with NSS unit of Bhaikaka University on 1st December, 2021. The

celebration included blood donation camp & slogan writing competition for all the constitutes of BU. A total of 22 blood bags were collected from the volunteer students of medical technology and physiotherapy at A.D. Gorwala Blood Centre and 19 students enthusiastically participated in the Slogan Writing Competition.

- The “National Youth Day” was celebrated in collaboration with NSS unit of Bhaikaka University on 12th January, 2022. The celebration included the Essay Writing Competition on the topic of “Swami Vivekananda and Education” amongst all the constituents of Bhaikaka University.
- Bhaikaka University, National Service Scheme (NSS Wing) conducted a six-day Annual

Camp from 7-12 March, 2022 at Ashi village of Petlad Taluka. Of the 57 student volunteers from various constituent institutions of the University. 15 students from our Institution enthusiastically participated in various activities like hospitality, ophthalmic camp, blood donation camp, awareness creation for thalassemia, organ donation, women and child care, women empowerment and de-addiction through street plays.

- CAM Institute of Allied Health Science & Technology & Smt. L. P. Patel Institute of MLT, Bhaikaka University celebrated “International Women’s Day” on 12th March 2022 by organising dance performance, talks and salad making competition on the theme – “Gender Equality Today for a Sustainable Tomorrow.

COMMUNITY OUTREACH

The Community Outreach by Mandal is carried out through its unique programme called SPARSH (Shree Krishna Hospital Programme for Advancement of Rural and Social Health), which is implemented in Anand, Kheda and Panchmahal districts and aims at connecting the last person in villages to appropriate levels of healthcare through trained Village Health Workers (VHWs) in their own villages, health centres in towns/villages close by and a tertiary care centre catering to critical cases.

A total of 150 villages are covered by the program. In terms of the population covered, the entire program covers a population of 4.5 lakhs.

SPARSH 150 is focused on the prevention, treatment and care of chronic diseases such as Diabetes, Hypertension, Cancer and chronic respiratory diseases. Various interventions such as camps, school based awareness sessions, community awareness sessions, home delivery of medicines for chronic patients and home visits for bed-ridden patients are undertaken under this program.

Due to the Covid-19 second delta wave from March - June 2021, field activities were affected badly for these months. The after effects of this wave still persisted for quite sometime.

During the year, through project SPARSH, 11563 patients were serviced through 604 camps. and 8948 patients received consultation. The awareness sessions in villages could not be done in this financial year post Covid-19 pandemic.

A total of 63172 patients were screened for Hypertension & Diabetes. The average monthly cost of treatment for patients with Hypertension, Diabetes and those having both Hypertension and Diabetes was Rs.38, Rs.86 and Rs.151 respectively.

Summary of new initiatives taken under SPARSH during the year include:

- The Telepsychiatry component had been implemented in collaboration with the Department of Psychiatry. The telepsychiatry

guidelines issued by the Government are being followed strictly. A total of 109 new consultations along with medications had been undertaken this year.

- The Teleconsultation component has been initiated across 100 villages. In collaboration with the Department of Medicine, all enrolled patients of SPARSH had free consultations with the Medicine faculty. From our routine MHT camps, a separate slot for the video consultation was arranged for the patient with the Technical Incharge alongwith the physician and the Assistant Medical Officer present with the patient. A total of 38 new consultations were undertaken.
- Surveys were undertaken on the trends of Covid-19 infection in rural settings during the

second wave. Another survey on Covid-19 immunization status too was undertaken.

- A separate Palliative team had been constituted; comprising of a trained GNM, a social worker and a visiting Medical Officer. The activity was led by an Executive. The emphasis was on strengthening the social care domain.
- Training of VHW's was done to take care of mild/asymptomatic Covid-19 positive patients. As per ICMR, State government guidelines VHW's were trained and a booklet of essential care was developed and distributed among them.
- A booklet on various success stories in SPARSH villages was developed and distributed among the key stakeholders of the villages.

FUND RAISING

Providing fund support to indigent patients for health-care

Shree Krishna Hospital's Aashirwad scheme is a blessing for the poverty stricken patients as treatment is provided without any discrimination of caste, creed, region or faith at heavily subsidized rates. For the members registered under the Aashirwad scheme, out-patients receive free consultations by doctors, while in-patients bear only the pharmacy costs -the rest of the health-care services being provided to them free of cost. This initiative is further supplemented by discretionary concessions being provided to needy patients falling above BPL norms, and implementation of government health-care schemes. Part of the support so provided is met from internal accruals, while a sizeable portion of the support pours in the form of generous contributions from corporate and individual donors, philanthropic institutions and well-wishers.

These contributions also enable us to strengthen our infrastructure and replace/ modernize our medical equipment.

In recognition of its credibility as well as transparency in reporting its financials and fund-utilization, the Mandal was honoured for the 5th successive year with the Platinum Seal of GuideStar India. Further we have also been endorsed and recognized by Charities Aid Foundation India, Credibility Alliance, Give India and BSE Sammaan. We are empanelled with august bodies such as the National CSR Hub of TISS (Tata Institute of Social Sciences) upto the end of 2023, the United Way of Baroda. We are also acknowledged as an Implementing Agency by the Indian Institute of Corporate Affairs and Indians for Collective Action, IICA.

The COVID pandemic which struck in early 2020 continued to pose a serious threat to the health of

the people of the country during 2021-22. During the period from March 2021 to May 2021, the second wave prevailed with ferocious intensity resulting in a multitude of serious cases at the Hospital, and anxieties related to the bedside supply of oxygen and essential medicines. The expansion of the COVID treatment facility taken up in the previous year was further intensified. We are extremely grateful to all the donors who helped us through monetary and in-kind donations to meet this challenge. While monetary and in-kind donations were received in a very timely manner from about 80 donor organisations, noteworthy contributions towards COVID infrastructure came from Tata Education & Development Trust, Azim Premji Foundation, BI Patel Charitable Trust of Elecon Group, SAP (through NASSCOM), The Shanta Foundation UK, Zydex Industries, GMM Pfaudler, Gujarati Samaj of New York Inc. Satyendra Packaging, Navin Fluorine International, Desai Brothers, VG Patel Foundation (Patel Infrastructure), VPSS Houston Inc. Trust-Sewa International, HSBC Bank, United Way of Baroda, Charotar Gas Sahakari Mandali, IDMC, Late Vitthalbhai Gobarbhai Patel Foundation, Rotomotive Powerdrives, PBM Polytex, Maldeep Cements, FCB Ulka Advertizing, Oneiro Chemicals, Amazon along with several industries in and around Vadodara.

During the year, generous support was received towards treatment of needy patients.

- Rs 137.54 lakhs from Tata Educational & Development Trust and Sir Dorabji Tata Trust under their Individual Grants Programme to support the treatment of needy patients
- Online donations were received on the Mandal's portal, as well as through Give India and Dana Mojo. Donations worth Rs 47.6 lakhs were received from Indian & Overseas donors through GiveIndia.

- Through Crowdfunding campaigns on Ketto, Impact Guru, Letzchange etc. an amount of Rs 17.18 lakhs was collected from individual donors.
- In response to 49 appeals placed in various publications on behalf of poverty stricken patients, several generous donors came forward contributing Rs 38.3 lakhs in all.
- Totally Rs. 47.06 lakhs was collected from Trusts & Foundations viz., PL Patel Foundation, Shree Jalaram Sevashram Trust, Patel Family Charitable Trust, Gita Jyotindra Patel Memorial Foundation, Kantilal J Shah Charitable Trust, Manilal Harilal Kadakia Charitable Trust, Bai Hirabai J. N. Tata Navsari Charitable Institution, Navneet Foundation, Smt Jekorben & Harkishandas Kishnadwala Charitable Trust, Shanti Charitable Trust, Anumodan Trust and others.

We remained connected to our donors through letters, phone calls, Whatsapp, our quarterly newsletters and acknowledgements which kept them updated on patient support and projects supported by us. The concept of PayRoll Giving (donation from salary through the organization) was sustained both with local organizations as well as our interested employees. Through this initiative in which employees of IDMC and the Mandal participated, Rs 6.54 lakhs was collected for needy patients.

To add to this, generous support was received from overseas donors and philanthropic institutions as given below :

- A magnanimous contribution came from Smt Kumudben Patel, USA who contributed towards the Health-checkup wing of the Privilege Centre.
- Dr Vinod Shah & Dr Ilaben Shah continued to provide support for medicines for needy

patients suffering from TB, Diabetes and Hypertension.

- Dr Amrita Patel, former Chairman contributed towards the Mother & Child Care Centre at the Hospital
- Rotomag Motors & Controls Pvt Ltd as well as Rotomotive Drives contributed generously towards strengthening infrastructure at our Hospital.

In-Kind Donations received during the year for COVID treatment

Donor	Equipment
Kaira Distt. Coop. Milk Producers' Union (Amul Dairy)	Oxygen Plant 20 cu.m/hr
Shri Pritesh, Ketan Pritul and Divyen Patel & Shri Manish Yadav, USA	2 Ventilators
PD Patel & Family	2 Max Ventilators
Dr Shivani Bhatt Charitable Foundation	10 O2 Concentrators
Draeger India Pvt Ltd	550 Nasal Cannulas
Amazon	4 BiPap machines
United Way of Bengaluru (under ACT India programme)	7 Ventilators, Allied Healthcare
United Way of Bengaluru	15 O2 Concentrators
BAPS Public Charitable Trust	7 O2 Concentrators
Transpek-Silox Industry Limited	3 O2 Concentrators
UNICEF, Gandhinagar	510 PPE Kits, Face masks
Tech Mahindra Foundation	1 Ventilator
SAP Through NASSCOM	100 beds, 100 Monitors, 10 Ventilators, Rs 25 lakhs for AC Elect.& O2 lines + Rs 80 L for consumables
Tata Education & Development Trust	50 ICU beds, 25 MP Monitors, 10 Ventilators, 2 Laryngoscopes, 1 CRRT machine 1 Portable X ray machine & two O2 plants 500 lpm each

Donor	Equipment
Alembic CSR Foundation	10 ICU Beds and 10 MP Monitors
VPSS Trust -Sewa International. USA	USD 55000 for part funding of O2
IOCL, Gujarat Refinery	25 Beds + Aecessories, 25 Monitors, 7 Ventilators, 2 Dialysis m/cs.
Kotak Mahindra Bank	1 Dialysis machine & COVID consumables
HDFC Bank	Trauma OT Table

Corporate Social Responsibility

Partners in health-care

Charutar Arogya Mandal has emerged as a credible implementing partner for over 40 companies & corporates for implementing CSR projects in health-care. The Projects implemented fall under the following categories:

Infrastructure strengthening :

Around 70 companies contributed under CSR health-care funding towards the strengthening of the infrastructure of the Hospital for COVID treatment which during the non-COVID times could be utilized for other patients. The details are given under the section covering the COVID pandemic.

Treatment support for needy patients : Concessions in treatment costs were funded, especially for the vulnerable group of women & children, patients with Cancer and Cardiac ailments from economically less-privileged families.

- Standard Pesticides joined hands with us in support of needy patients against weekly appeals made.
- Inox Air Products Pvt Ltd. Contributed to the treatment of neonates and paediatric patients at the Hospital

Preventive healthcare extension activities : SPARSH, the Mandal's programme to provide

health services to village communities through an integrated robust 3-tier delivery system, received fund support from the Sir Dorabji Tata Trust, and GMM Pfaudler who contributed Rs. 35.12 lakhs & Rs 30 lakhs respectively. The project is supported by the Mandal's extension centres, the Sonaba Hospital and Sadaba Prasuti Gruh at Sevaliya, and the Shree Krishna Hospital in Karamsad.

USA and UK CHARITIE

Charotar region carried a rich heritage of generous donors, be it in our country or be it any corner of the world where people from this region have immigrated. The immigrant community has always kept the welfare of its native region close to its heart and in their priority to support.

Charutar Arogya Mandal has regularly witnessed very kind donations from the Non Resident Gujaratis who have settled in the US or the UK.

CHARUTAR HEALTH FOUNDATION, UK

To raise funds from the NRGs settled in the UK for the purpose of supporting treatment of needy patients coming to Shree Krishna Hospital, or for setting up infrastructure for Hospital or for any other purpose related to the mandate of Charutar Arogya Mandal, a special body – Charutar Health Foundation has been registered.

The options for donation for UK are :

- Contributions through cheque may be sent to the Mandal's Charity at Charutar Health Foundation, c/o Westgate Healthcare, Unit 3, Devonshire Business Park, Chester Road, Borehamwood WD6 1NA. Charutar Health Foundation is a registered charity and donations to it are claimable from the HMRC in the UK
- Directly Transfer the amount to the Bank account of our Charity as per details given below:

Bank name and address

Bank of Baroda, GCO, 32 City Road,
London EC1Y 2 BD

Account No: 941001 91006959

Sort Code: 60-93-71

Swift Code: BARBGB2 LXXX

IBAN: GB45BARB 60937191006959

Donors would be eligible to avail tax benefits as per local regulation. Contributions are also welcomed with 'Gift Aid' option in either case.

CHARUTAR HEALTH FOUNDATION CORP, USA

To raise funds from the NRGs from USA settled in the Charutar Health Foundation Corp is registered as a Charity and donations here have an exemption under IRC Section 501(C)(3). Donors would be eligible to avail tax benefits through donations to our Charity under IRC Section 170.

The options for donation for USA are :

- Draw a Cheque in favour of 'Charutar Health Foundation Corp' and send it to : Charutar Health Foundation Corp, 5113, Piper Station Dr., Suite 300, Charlotte NC 28277. Contact phone: 704-364-6008 (Attn : Mr Chandra Patel/ Mr Ravi Patel)
- Donate through shares/stocks to our account with BB & T Scott & Stringfellow, BB&T Securities DTC No. 0702 further Credit to CHF Corp. Account no. 85106285, Contact Phone: 704-367-7991 (Bank Officer : Mr Jasson G Coble). Alternatively, contact Mr Chandra/Ravi Patel CHF Corp for help.
- Directly Transfer the amount to the Bank account of our Charity as per details given below:

Bank name and address

BB & T Bank, 200 S College Street, Suite 1100,
Charlotte NC 28202

Account No.: 1340006370453

Routing/ABA No.: 053101121.

INDEPENDENT AUDITOR'S REPORT

To The Members of Charutar Arogya Mandal

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of **Charutar Arogya Mandal** ("the Trust"), which comprise the Balance Sheet as at March 31, 2022, and the Statement of Income and Expenditure, the Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Bombay Public Charitable Trust Act, 1950 in the manner so required and give a true and fair view in conformity with the Accounting Standards as applicable to the Trust and other accounting principles generally accepted in India, of the state of affairs of the Trust as at March 31, 2022, and its excess of expenditure over income and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) issued by the Institute of Chartered Accountants of India. Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Financial Statements section of our report. We are independent of the Trust in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Emphasis of Matter

We draw your attention to note 9 of Schedule O of the financial statements which refers to the fully describes the effects of the transfer of the operating activities of the Mandal/Trust to Bhaikaka University (BKU). As referred in the said note, the Agreement/MOU between the Mandal and the University with respect to the consideration to be received by the Mandal from the University for the usage of the Fixed Assets continued to be held by the Mandal. Accordingly, Trust has charged usages charges towards land and Assets usages from Bhaikaka University amount of Rs. 679.33 Lacs which has been recorded in the financial statements for the year ended 31 March 2022.

Our opinion is not qualified in respect of this matter.

Management's Responsibility for the Financial Statements

The Trust's Management is responsible for the matters with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Trust in accordance with the Accounting Standards applicable to the Trust and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Bombay Public Charitable Trust Act, 1950 for safeguarding the assets of the Trust and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Trust's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Trust or to cease operations, or has no realistic alternative but to do so.

The Trust's Management is also responsible for overseeing the Trust's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Trust's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Trust to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with the Management of Trust regarding, among other matters, significant audit findings.

We also provide the Management of Trust with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

As required by The Bombay Public Charitable Trust Act, 1950 applicable to the State of Gujarat and on the basis of such checks as we considered necessary and appropriate and according to information and explanations given to us during the course of audit, we enclose in the Annexure, a statement on the matters specified therein.

CHARUTAR AROGYA MANDAL

Notes to Financial Statements for the year ended 31st March, 2022

Schedule N: Significant Accounting Policies

1. Basis of preparation of Financial Statements

- a. The financial statements have been prepared under the historic cost convention on accrual basis in accordance with the generally accepted accounting principles in India, except otherwise stated.
- b. Government grant is accounted when received.
- c. Funds :
 - i. **Corpus Fund:** Funds received for general purpose and as decided by the management are credited to Corpus Fund Account. Interest earned on investment of Corpus Fund is credited to the said fund account and transferred to Income & expenditure Account.
 - ii. **H M Patel Centenary Corpus Fund:** Funds received for meeting the cost of indigent Cancer patients and interest earned thereon are credited to H M Patel Centenary Corpus Fund Account and transferred to Income & Expenditure Account.
 - iii. **JTT - CAM Corpus Fund:** Funds received from Jamsetji Tata Trust for scholarship to MBBS students and interest earned thereon is credited to Jamsetji Tata Trust -CAM Corpus Fund Account and used for scholarships to needy students.
 - iv. **Infosys Foundation:** Funds received from Infosys Foundation to provide quality, affordable and concessional medical care to the underprivileged and poor among the rural community. Interest earned thereon is credited to said fund account and the entire amount of interest earned is utilised for the said purpose.
 - v. **HT Parekh Foundation:** Funds received from HT Parekh Foundation to meet operating and administrative expenses of Shree Krishna Hospital of the Mandal, credited to the Corpus Fund under FCRA. Interest earned thereon is credited to the said Fund and utilised for the said purpose.
- d. Donations received from communities/institutions for specific purpose are credited to respective earmarked funds and for other than specific purpose are credited to Income & Expenditure Account. Donation received in kind, in nature of revenue is accounted in the book of account at nominal value Rs.1/- while i.e capital nature is accounted at estimated value.

2. Use of Estimates

The preparation of financial statements requires estimates and assumptions to be made that affect the reported amount of assets and liabilities on date of the financial statement and the reported amount of revenues and expenses during the reporting period. Difference between the actual result and estimates are recognised in the period in which the results are known/materialized.

3. Fixed Assets

Fixed assets are stated at cost.

4. Depreciation

Depreciation on fixed assets is provided on the written down value basis at the rates as per the provisions of Income Tax Act 1961 except Life saving medical equipments, which are depreciated at 15% against 40% as per the act. Assets valuing up to Rs.5,000/- are depreciated in the year of purchase, further Depreciation on fixed Assets purchased out of earmarked donation is charged to respective fund account.

5. Investments

Investments are carried at cost and provision is made to recognise any diminution in value, other than that of temporary nature.

6. Retirement Benefits

- a. Contributions to Provident Fund and Superannuation Fund are charged to Income and Expenditure Account.
- b. Gratuity Liability is determined on the basis of number of years of completed service and the last drawn salary, on actuarial basis as estimated by an independent actuary
- c. Liability for Leave Encashment benefit is determined on the basis of accumulated leave balance and the last drawn salary, on actuarial basis as estimated by an independent actuary

GRATITUDE

- The people of Charotar who generously contributed in so many ways.
- The people of Karamsad, particularly the Karamsad Municipal Nagarpalika, for their continuing support.
- The Charutar Vidya Mandal for their help and support.
- The Gujarat Cooperative Milk Marketing Federation and Kaira District Cooperative Milk Producers' Union for their support and help.
- The Vitthal Udyognagar Industries for their support.
- The Government of Gujarat and Sardar Patel University who have offered unstinted support.
- The Tata Trusts for their generous assistance, matching grant for the treatment of poor patients and fund support for medical equipment, and scholarships to economically challenged students. As also for the Trusts' generous assistance for the expansion of the SPARSH programme from 90 to 150 villages as a three-year field project.
- Dr. Somjee family for the Somjee Fellowship given to the interns admitted under the Tata-CAM Scholarship.
- The family of the late Dr. Satubhai Trivedi for the Dr. Satubhai Trivedi Scholarship awarded to meritorious MBBS (Surgery) students.
- The Public Training Research Centre at Khambhat, Petlad Municipality, Sevaliya Arogya Mandal, Bhadran Arogya Trust, Agas Gram Arogya Mandal, and Anand Agriculture University for entrusting us with the responsibility of managing their centres.
- The honorary consultants and volunteers who worked selflessly to provide the much-needed support.
- The numerous donors in the country who have been so generous in supporting our projects and activities.
- The countless individuals and institutions those supported the Charutar Arogya Mandal activities in so many ways and without whose help and encouragement the Mandal would not have been able to make the progress achieved during the year.
- The dedicated team of doctors and support staff who have worked tirelessly to provide round-the-clock services.
